

# School Food Service Information

## 2016-2017 School Year

### Golden Door Charter School

## The School Day Just Got Healthier!

Your child's school day just got healthier! School lunches include more fruits, vegetables, and whole grain-rich foods; only fat-free or low-fat milk; "right-sized" meals with portions designed for a child's age; and less saturated fat, sodium and zero trans fat. Here are some important facts about the school meals:

- The school breakfast and lunch are comprised of nutrient-dense, age-appropriate meals.
- Some highly active students, like athletes, may need more calories. Some schools may offer second helpings of food components a-la-carte.
- School meals are required to meet the following sodium targets:

Grade	Lunch	Breakfast
K-5	≤1,230mg	≤540mg
6-8	≤1,360mg	≤600mg
9-12	≤1,420mg	≤640mg

- The **Smart Snacks in School** rules set limits on calories, fats, sugar and sodium and encourage the consumption of dairy, whole grains, protein, fruits and vegetables. No "empty calorie" foods will be offered a la carte. Please see the current year's price list on your website for pricing and selections.
- Our staff continues to gain a wealth of knowledge and the tools they need to successfully plan and prepare nutritious, safe and enjoyable school meals through continuing education/training standards set forth for school nutrition professionals.
- Your child can learn good habits for life by making healthy food choices and engaging in proper physical activity now. The past few years have been transition years as schools implement child nutrition standards and work together with parents, to ensure that every child, in every community across America, has access to healthy and nutritious meals. Encourage them to try new foods and choose the healthy food offered. Reinforce healthy eating by offering similar new foods at home.

For more information visit [www.fns.usda.gov/healthierschoolday](http://www.fns.usda.gov/healthierschoolday)

**Breakfast Begins:** Sept. 7, 2016

**Lunch Begins:** Sept. 7, 2016
