

SAVE THE DATE!

WE NEED YOUR HELP TO FIGHT FOR FAIR FUNDING AND DEFEND OUR SCHOOLS.

Public charter schools in New Jersey are facing a major threat. This fall, Commissioner Repollet is calling for a special review of NJ charter school laws. This review could threaten our students' school buildings, classrooms, teachers and staff, and most importantly -- their futures.

Don't let the state's charter review change our schools or deny access to thousands of families determined to choose the best school for their child.

Tell the Commissioner WHY you love your charter school and deserve fair funding.
